HUMAN TRAFFICKING

Human trafficking is a crime against humanity. We must unite our efforts to free victims and stop this crime that's become ever more aggressive, that threatens not just individuals, but the foundational values of society.

-Pope Francis-

This lecture is in memory of our esteemed parishioner and friend, late Joyce Rebeiro, a woman with strong social justice convictions and the strong courage and determination to make a difference. Joyce's legacy lives on as she continues to inspire us to stand together for Justice Peace and Integrity of Creation
